\$4500 TO RED CLIFFS MEN'S SHED

Federal Member for Mallee Andrew Broad has this morning announced a \$4500 grant to the Red Cliffs Men's Shed under Round 17 of the Coalition Government's National Shed Development Programme.

Mr Broad congratulated the Men's Shed this morning who plan on using the funds to purchase new tools and equipment for locals to use when the shed is up and running.

"Our local Men's Sheds contribute a great deal to our communities, and I am really looking forward to see this shed go up in my local community of Red Cliffs.

Men's Sheds are a great place for men of all ages to come together, get involved and be social, and also to talk about their health in a safe and friendly environment plus the work they produce will be very well received by the local community too," Mr Broad said.

"The Red Cliffs shed is the first of five funding announcements to be made under this round, and it is very timely as this week is actually National Men's Shed Week."

The Men's Shed grants programme provides funding for health improvement activities, the purchase of tools and equipment, community projects and training, and for building maintenance and development.
